

# REFLEX PROTECT<sup>®</sup> TACTICAL

## 5 oz. Industry Presidia Gel<sup>®</sup>

**EXTREME STOPPING POWER** Immediate involuntary eye closure and disorientation incapacitates a violent subject upon contact. Effective on individuals not experiencing pain.

**CLEAN UP** Patent-pending advanced Reflex Remove<sup>®</sup> decontaminate reverses the effects of Presidia Gel<sup>®</sup> after the threat has passed, providing relief within 2 minutes, compared to 15 minutes for competing products. Clean-up is easy and fast for both people and surfaces.

**NEW PROPRIETARY FORMULA** Presidia Gel<sup>®</sup> is NOT pepper spray, but rather an innovative sticky reformulation of LE-trusted CS.

**PATENTED TECHNOLOGY** The patented Reflex<sup>®</sup> spray head is designed for easy, intuitive, and extremely accurate use, deploying a tight stream up to 18 feet with zero blow-back.

**STICKS TO TARGET** Presidia Gel<sup>®</sup> sticks to what it hits, preventing side-splatter or collateral effect, perfect for sensitive indoor locations. Cannot be removed by subject and thrown back at the officer.

**NO CONTAMINATION** Non-atomizing and non-flammable. Can be safely deployed indoors, in a vehicle, or in a crowd without affecting innocent bystanders. Non-flammable formula, safe to use with Electronic Restraint Devices (ERD).

**TRAINING** Watch basic use training videos on our website. Printed instruction manual included. Certified instruction training available.
